SWIMMING POOL A BIG SPLASH ON HOT DAYS

We certainly hope everyone is enjoying the pool this summer. It has been very hot in June and the water has been great! We have had a lot of good feedback from it and are attracting vacationers. Come take a relaxing dip, but be sure to remember a few pool rules such as;

- Do not swim alone (make sure there is someone else at the pool, drowning can happen in just a few seconds)
- No running around the pool (the concrete is very hard and can cause serious injury)
- No diving (shallow water, do not dive)
- No alcohol (anyone having alcohol will be ejected from the pool and not allowed to return)
- No profanity (this is a family atmosphere)
- Pool hours are from 10AM – 5PM and from 6PM – 8PM
- No eating or smoking inside or along the edge of the pool (please eat or smoke at your chair or picnic table)
- No one under the age of 18 unless accompanied by an adult to watch over them (Children under 18 are not allowed at the pool by themselves, please watch after your children and teach them the pool rules, they are posted inside the fence area)
- Any questions about the pool, please let us know.
